commando thongs

19 April 2010 - by mia

Clothing nowadays is made with such thin fabric. When the weather is sweltering it's helpful, but not at the risk of showing underwear lines! If you are sick of sharing your delicates with the world, then I recommend going Commando! But not the kind of commando you're used to. I'm talking about Commando underwear; it's the thinnest, most comfortable underwear you'll ever try. They're guaranteed to hide any panty lines and celebrities like Amy Adams swear by them! Commando thongs come in a multitude of colours and patterns, and can be found at [Wish.List](#) boutique (2811 West Broadway) for around \$20. For more information on punishing your panty lines and other Commando products visit [HerLook.com](#).
