Wish.list boutique celebrated its one-year anniversary with a very original wine and lipstick pairing bar, where guests tried on different hues while sipping a corresponding wine pairing. We chose the nude Edie lipstick to go with the pinot gris...or was it the chardonnay? (That's what happens when you mix too much...lipstick.)

We could spend hours browsing the utterly girly trinkets, like sleep masks, letter candles and makeup.

Hollywood make-up artist Julie Hewett's line is exclusive to Wish.list and we hear she's working with George Clooney in Hawaii. What a coincidence, that's on our wish list too!

[@WearElse](#) thanks will do!

Going shopping after work for a dress to wear to a wedding this weekend. I'm not an "occasion shopper" so this should be...

Quick catch-up with [@joypecknold](#). We talked prince of persia (ahem, [@carineredmond](#)) and Bradley Cooper's bilingualism.

[@julesine](#) Ugh I am BEYOND jealous. Tell Lib's I miss her already, and JKL (she'll know what that means). xo!
